CEO Statement on Employee Situation with Law Enforcement on St. Croix This Morning

We're addressing an ongoing situation where some of our employees were reportedly involved in an incident with law enforcement this morning on St. Croix. Please be assured that the safety of our employees is our utmost concern. We are working closely with the Virgin Islands Police Department to gather accurate information. Your patience and understanding are appreciated.

###

About WAPA: The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
