WAPA Announces Planned Electrical Service Interruptions on Feeders 6A and 6B

St. Thomas, U.S. Virgin Islands (October 17, 2025) — The Virgin Islands Water and Power Authority (“WAPA” or “the Authority”) advises customers of planned electrical service interruptions affecting Feeders 6A and 6B on Monday, October 20, 2025.

Feeder 6A

Electrical service on a portion of Feeder 6A will be interrupted between approximately 10:00 a.m. and 2:00 p.m., affecting approximately 963 customers in the following areas: Estate Pearl, Bonne Esperance, Santa Maria, Estate Hope, Fortuna, Bordeaux, and Botany Bay. The outage is necessary to safely replace a broken pole.

Feeder 6B

Electrical service on a portion of Feeder 6B will be interrupted between approximately 11:00 p.m. and 4:00 a.m. Approximately 252 customers will experience an interruption of about one (1) hour, while roughly 15 customers at Dronningens Gade/Hibiscus Alley will be affected for the full 5-hour window. The purpose of the outage is to allow WAPA personnel to safely install new electrical equipment.

Stay Connected

To stay informed of any changes to the scheduled outages, customers can sign up for WAPA Alerts to receive notifications via text, voice, and email directly to mobile devices: <https://member.everbridge.net/892807736728730/new>.

WAPA thanks the public for their support and understanding while this essential maintenance is completed.

###

About WAPA: The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
