Scheduled Electrical Service Interruption on St. John, Tomorrow October 7, 2023

U.S. VIRGIN ISLANDS – The Virgin Islands Water and Power Authority (“WAPA” or “Authority”) would like to inform customers and community members on the island of St. John of a scheduled electrical service interruption occurring tomorrow, Saturday, October 7, 2023, from 9:00 AM to 12:00 PM. This temporary service interruption will affect Feeders 9E and 7E and allow WAPA personnel to safely enter manhole and conduct troubleshooting to the Authority’s transmission line.

The Authority thanks the community for its understanding.

###

About WAPA: The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
