ST. CROIX, U.S. VIRGIN ISLANDS – June 26, 2024 – The Virgin Islands Water and Power Authority would like to inform customers and community members on the island of St. Croix of a scheduled electrical service interruption occurring tomorrow, Thursday, June 27, 2024, from 8:30 a.m. to 4:00 p.m. impacting approximately 30 customers in the west La Grange Area. The cause of this outage is to conduct work on a pole on Feeder 8B.

Thank you for your patience and understanding. Together we are building a stronger, more reliable future.

###

About WAPA: The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
