WAPA Technical Career Fair on St. Croix set for Saturday, August 19, 2023

U.S. VIRGIN ISLANDS – The Virgin Islands Water and Power Authority (“WAPA” or “Authority”) is hosting a technical career fair on the island of St. Croix for individuals interested in technical careers with WAPA. The fair will be held on Saturday, August 10, 2023, from 10:00 AM – 2:00 PM at WAPA’s Sunny Isles Business Office.

Attendees will have the opportunity to learn about the plant, engineering, and line departments and apply on-site for full-time and apprenticeship positions territory-wide. Some of the available positions include, Civil Engineer I, Electrical Engineer I, Plant Operations Manager, Temporary Heavy Equipment Operator, Lineman Apprentice, Production Technician, Plant Operators, and more. Senior members of the various departments will also be present to share their experience and provide insight on current and upcoming Authority projects to improve infrastructure and increase resilience and reliability across WAPA’s services.

The Authority encourages all interested persons to take advantage of this opportunity to learn more about an exciting and rewarding career path to serve the Virgin Islands community. For more information, please contact Human Resources at careers@viwapa.vi.

###

About WAPA: The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
