St. Croix – Scheduled Potable Water Interruption on Saturday in the Estate Colquohoun Area

ST. CROIX, U.S. VIRGIN ISLANDS – August 8, 2024 – The Virgin Islands Water and Power Authority (“WAPA” or the “Authority”) would like to advise the public of a scheduled water interruption on St. Croix on Saturday, August 10, 2024, from 8:00 a.m. to 2:00 p.m. in Estate Colquohoun. The cause of the outage is to support the Virgin Islands Department of Public Works’ contractor, VI Paving, working on the Storm Damage Repair project along Midland Road bridge.

Customers in the following areas will experience a water service interruption:

- Estate Colquohoun
- Estate Upper Love
- Estate Lower Love
- Estate Grove
- Croixville Apartments

Your support is greatly appreciated as the teams diligently work to improve our community.

The Virgin Islands Water and Power Authority Communication’s department is committed to reaching, informing, and connecting with the youngest members of the community to the eldest, through meaningful, transparent and effective communication.

###

About WAPA: The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
