**Scheduled Electrical Service Interruption on St. Croix Saturday, September 16, 2023**

U.S. VIRGIN ISLANDS – The Virgin Islands Water and Power Authority (“WAPA” or “Authority”) would like to inform customers and community members on the island of St. Croix of a scheduled electrical service interruption occurring Saturday, September 16, 2023, from 8:00 AM to 5:00 PM, affecting Feeder 8B. Customers will be affected for approximately 1 hour at the beginning of scheduled work and again for 1 hour upon completion. This temporary outage to Feeder 8B will allow WAPA personnel to safely restore service to Molasses Pier.

The Authority thanks the community for its understanding.

###

**About WAPA:** The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
