a. The Contractor shall perform the Work in accordance with the terms of the Contract. This Work includes all necessary services, site preparation, construction and/or installation and testing and the furnishing of all labor, materials, equipment, tools, supervision, transportation and insurance, except as otherwise provided. The obligation of the Contractor shall be deemed to carry with it the obligation to incur all items of necessary expense to perform the Work.

b. The Contractor shall be an independent contractor and shall have complete and undivided responsibility for complying with the Contract, including sole discretion for the means by which the Work is to be performed. Without any qualification of such undivided responsibility, the Contractor shall have the right to enter into such subcontracts, purchase orders, and other commitments with third parties for the performance of any part of the Work, as may in his opinion be advantageous or necessary for the expeditious or economical prosecution of the Work. The Contractor shall not assign the Contract or any of his duties or responsibilities thereunder.

c. Any provisions of the Contract which appear to give the Authority a right to direct the Contractor as to the means by which the Work is to be performed, or to exercise any control over the Work shall mean that the Contractor shall be obliged to follow the desires of the Authority only as to the end results and shall not in any way modify or relieve the Contractor of his complete and undivided responsibility for the means by which the Work is to be performed.

3. COMMENCEMENT, PROSECUTION AND COMPLETION OF WORK

a. The Contractor agrees to commence the Work promptly after award of the Contract and to complete it no later than the Contract completion date.

b. The Contractor shall furnish and maintain at the Site a competent resident supervisory representative who shall have the title of Project Manager: Provided that the Authority shall have the right to require the removal from the Site of any employee of the Contractor or any subcontractor if in the judgment of the Contracting Officer such removal is necessary to protect the interest of the Authority.

b. The Contractor represents that he has examined the Site and has taken all other reasonable steps necessary to a full understanding of the physical conditions at the Site and the difficulties which may be encountered in performing the Work because of such conditions, and agrees that his obligation to complete the Work includes all risks due to physical conditions at the Site existing as of the date of his bid. Notwithstanding the foregoing, the Authority assumes the responsibility for apprising the Contractor of any existing underground utilities, which are not visible on inspection, or shown on the available site description drawings, but the Authority guarantees neither their location nor their elevations.

c. Information respecting the Site given in the

Specifications or in any drawings is believed to be reasonably correct, but the Authority does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.

6. RESPECTIVE RESPONSIBILITIES OF THE PARTIES AT THE SITE

a. The Authority shall establish such general reference points at the Site as will enable the Contractor to proceed to perform the Work with minimum interruption or delay and shall protect and preserve the established reference points and make no change in their location.

b. The Contractor shall perform the Work at the Site in such manner as not to damage existing facilities or jeopardize or unduly interfere with their continued operation. The Authority in turn shall not operate said facilities in such manner as not to jeopardize or unduly interfere with the performance of the Work.

c. The Contractor shall locate all existing underground utilities such as cable, conduit, water pipes, sanitary lines, etc., by hand excavation and shall carefully protect them. Damage shall be immediately repaired by the Contractor at his own expense.

Where connections to existing plant equipment are required, they shall be made only with the advance approval of the Contracting Officer.

d. The Authority shall furnish, at its expense, reasonable amounts of water and electric power necessary for the prosecution and performance of the Work at the Site: Provided that power shall be at voltages available at the existing power facilities and, further, the Authority shall not be obligated to purchase water. The Authority shall furnish reasonable access to and use of other utilities at the Site as mutually agreed upon, to the extent that in its sole judgment, such access or use will not hamper or interfere with the operation of existing facilities.

e. The Contractor shall be responsible for furnishing proper protection for the health and life of personnel, for the public, for the Work and all materials, machinery, equipment, tools, and supplies used in the performance thereof, and for the property of others.

f. within its general scope. Within the time specified in the request the Contractor shall submit an estimate of the effect of the changes, if any, upon the Contract price, the completion date, or other terms or conditions of the Contract. The changes shall not be put into effect until ordered in writing by the Contracting Officer. Compensation, for changes, or extensions of the completion date because of changes, or other modifications of the Contract due to change shall be set forth in Contract change orders. Provided however, that disagreement between the parties on adjustments for changes shall not excuse the Contractor from proceeding with the prosecution of the Work as changed. The Authority reserves the right to remove any one of the bid items from the scope of work for the exact value noted in the bid schedule throughout the duration of the project if necessary.

11. SUSPENSION OR INTERRUPTION OF WORK

a. The Contracting Officer may order in writing, the Contractor to suspend all or any part of the Work for such period of time as he may determine to be appropriate for the convenience of the Authority.

b. If without the fault or negligence of the Contractor the performance of all or any part of the Work is suspended or interrupted hereunder for any unreasonable period of time, the Contract price shall be adjusted for any increase in the cost of performing the Work excluding profit necessarily caused by such unreasonable period of suspension or interruption, and the Contract shall be modified in writing accordingly. Provided that a claim therefor shall be asserted in writing as soon as practicable after the termination of such suspension or interruption; and provided further that no adjustment shall be made to the extent that performance by the Contractor would have been prevented by other causes even if the Work had not been so suspended or interrupted.

12. A. TERMINATION FOR DEFAULT

(i) If the Contractor shall commit a material breach or

- (ii) If the Authority shall commit a material breach or default of any of its covenants or obligations under the Contract and shall fail to commence to remedy the same within seven (7) work days after receipt of written notice thereof by the Contractor, and also to proceed with due diligence to remedy the same and in all events, to remedy the same within ten (10) work days after such written notice, the Contractor may, by fifteen (15) days written notice to the Authority, terminate the Authority's right to proceed with the Work or such part thereof as to which there has been a default. - (ii) In making such partial payments there shall be retained ten percent (10%) on the invoiced amount until final completion and acceptance of the Work: Provided, however, that the Contracting Officer at any time after fifty percent (50%) of the Work has been completed, if he finds that satisfactory progress is being made, may make any of the remaining partial payments in full.
- (iii) All material and work covered by partial payment made shall thereupon become the sole property of the Authority, but the provisions shall not be construed as relieving the Contractor from the sole responsibility for all materials and work upon which payments have been made or the restoration of any damaged work or as a waiver of

the right of the Authority to require the fulfillment of all the terms of the Contract.

b. Upon completion and acceptance of the Work, the amount due the Contractor under this Contract will be paid upon the presentation of a properly executed and duly certified invoice thereof. After the Contractor shall furnish the Authority with a release, if required, of all claims against the Authority arising under and by virtue of the Contract, other than such claims, if any, as may be specifically excepted by the Contractor from the operation of the release in stated amounts to be set forth therein.

c. The obligation of the Authority to make any of the payments required under the Contract shall, in the discretion of the Contracting Officer, be subject to (i) workmanship, and (ii) any claims, which the Authority may have against the Contractor. The obligation of the Contractor under this warranty shall be limited to repairing or replacing, free of charge in place at the Site, any part of said equipment, construction or workmanship, which proves defective during the first twelve (12) months, commencing with the date of acceptance of the Work, but in no event later than twenty-four (24) months from the date of arrival at the Site of any item of equipment: Provided that the notice of such defect and proof thereof is promptly sent to the Contractor, and (ii) during the said twenty four (24) months said equipment is not used beyond its capacity and shall have been operated and maintained in a proper manner and under competent supervision and shall not have been subjected to accident, alteration, abuse, or misuse. The Contractor may use Authority employees, to make such repairs and, or replacements which can be

made at the Site and are within the normal competence and capability of regular operation and maintenance personnel provided that the use of such personnel shall not interfere with the normal operation and maintenance of the Authority's facilities. 16. SHOP TESTS AND INSPECTION

INTENTIONALLY OMITTED

17. COMPLIANCE WITH APPLICABLE LAWS AND ACCEPTED PRACTICES

a. The Contractor shall comply strictly with all federal state, territorial and local laws, codes, orders and regulations.

b. Should any amendments or additions to territorial laws, codes, orders or regulations subsequent to the date of advertisement for bids affect any designs or requirements set forth in the Specifications so as to increase the Contract price or extend the Contract completion date, such amendments or additions shall be deemed to be changes within the meaning of Clause 10 hereof.

c. Subject to Clause 17 hereof, the Contractor represents that all of the equipment and construction materials shall be of suitable grade the purpose intended and that the Work shall be in accordance with acceptable United States engineering, construction and commercial practices.

18. OTHER CONTRACTS

The Contractor shall not commit or permit any act, which will interfere with the performance of work by any other contractor or by the Authority.

19. PATENT INFRINGEMENT

1. The Contractor shall indemnify and save the Authority harmless from damages arising out of any claims that the possession

or use of the materials or equipment manufactured or furnished by the Contractor, its subsidiaries or any of its suppliers infringe on Letters Patent of the United States of America in accordance with the following:

a. In the event that the use of the Work or any part thereof shall be enjoined by judicial decree, the Contractor shall (i) replace, at its own expense, any materials, or equipment or part thereof, the use of which shall have been enjoined with non-infringing materials or equipment with equivalent capacity and performance, or (ii) procure for the Authority the right to continue to use the materials or equipment or part thereof, or (iii) in the case of equipment or part thereof, modify the same so as to avoid such claims; and

negligence of the Authority, its employees or agents, the Contractor, its-servants, employees, agents or invitees, or the Contractor's subcontractors, subcontractor employees, agents and invitees. It is the intention of the parties that this paragraph shifts the cost of all insurance, whether benefitting Contractor or the Authority, or both, to the Contractor.

2. The final payment for the Work, as provided for in Clause 15 shall not become due until the Contractor shall have supplied to the Authority a complete release of all laborers', material men's and mechanics' liens arising out of the services, labor and materials furnished by the Contractor (or any of his subcontractors) under the Contract. If any lien remains unsatisfied after all payments are made, the Contractor shall refund to the Authority all monies that the Authority may have to pay in discharging such lien, including all costs and expenses, including attorney's fees, said refund to be made within thirty (30) days after the submission by the Authority

to the Contractor of an invoice for such monies.

26. GRATUITIES

1. The Authority may, by written notice to the Contractor, terminate the right of the Contractor to proceed under this Contract if it is found by the Authority, after notice and hearing, that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Contractor, or any agent or representative thereof, to any officer or employee of the Authority with a view toward securing the Contract or securing favorable treatment with respect to the performance of such Contract. The Authority's findings hereunder shall be conclusive.

2. In the event this Contract is terminated pursuant to paragraph a, the Authority shall be entitled (i) to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the Contract by the Contractor, and (ii) as a penalty, in addition to any other damages to which the Authority is entitled by law, to exemplary damages in an amount (as determined by the Authority) which shall not be not less than three nor more than ten times the cost incurred by the Contractor in providing any such gratuities to any such officer or employee.

Any notice which shall be required to be given under the Contract shall be in writing in duplicate, mailed in a postage prepaid wrapper, registered and addressed, in the case of the Contractor to his home office, and in the case of the Authority to the Contracting Officer.

29. ENFORCEMENT

The failure of either party to enforce at any time any of the provisions of the Contract or any rights in respect thereto, or to exercise any option herein provided, shall not be construed to constitute a waiver of such provision, right or option or in any way effect the validity of the contract or the obligation and responsibilities of the parties thereto. The exercise by either party of any of its right or options herein shall not preclude or prejudice either party from exercising any other right it may have.

30. GOVERNING LAW

The laws of the Virgin Islands shall govern the interpretation and construction of this Agreement to the extent applicable. The Parties agree that all causes of action against either Party shall be brought in the court of competent jurisdiction in the Virgin Islands. The Authority shall not invoke the defense of sovereign immunity in any litigation arising under the Contract.

31. EFFECTIVE DATE

The Contract shall become effective retroactive to the date of signature by the authorized representative of the Contractor or the Authority, whichever is later, which later date shall be the effective date of the Contract.

35. EQUAL EMPLOYMENT OPPORTUNITY

1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; laying off or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. 7. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or

purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor.
