The Disadvantaged Business Enterprise (DBE) Programs of the *Virgin Islands* of the *Virgin Islands Department of Public Works, Virgin Islands Port Authority* and *Virgin Island Water and Power Authority* have prepared a **DBE DIRECTORY OF FIRMS**, containing information related to businesses owned and controlled by minorities and women currently certified with the Uniform Certification program.

The firms listed have met all certification standards set forth in the Code of Federal Regulation (CFR), Title 49 - Transportation. Contractors use the Directory as a basic resource for soliciting participation on Department of Transportation (DOT) - assisted projects. If a firm is not certified as a DBE, A contractor cannot receive credit toward achievement of the DBE participation goal by using the firm.

The Directory is widely disseminated to other government agencies, contractors and the general public. The information included in intended for reference only. The Directory is consistent with the DOT Regulation 49 CFR, Part 26.

ATTENTION

All previous issues of this directory are obsolete. Changes to firm information are **highlighted**. Any information duplicated or stored privately is the responsibility of the DBE firm. All DBE firms are encouraged to compare and update such information as new directories become available.

ATTENTION

The firms included in this Directory are certified as Disadvantaged Business Enterprise (DBE)s by the Virgin Islands Uniform Certification Program. Certification as a DBE does not pre-qualify a firm to bid on specific projects. It is the contractor's responsibility to ascertain the DBEs ability to perform on any given project.

ORGANIZATION OF DIRECTORY

This Directory is divided into three Sections:

- Section I - DBE firms are indexed by page numbers and district
- Section II - DBE firms are listed alphabetically with all pertaining information
- Section III - DBE firms are categorized in the traditional contracting fields

UNIFIED CERTIFICATION PROGRAM

The Code of Federal Regulation (CFR) 49 Part 26, Subpart E § 26.51 (a) states all Department of Transportation (DOT) recipients in the state or territory must participate in a Unified Certification Program (UCP). The UCP intends to adhere to and embed the existing common application procedures to the uniform certification process to ensure reductions in administrative costs and provided more opportunities for small business concerns owned and controlled by DBE's. Any government agency certifying has the responsibility to ensure that these programs promote competitive viability of small disadvantaged concerns in the free market enterprise system; ensure that the certification process is in accordance with Federal Regulation 49 CFR, Part 23 and 26 in "narrowly tailoring requirements in increase effectiveness and reduce burdens", in providing a one-stop shop certification process. The **Virgin Islands Department of Public Works** will be lead agency to coordinate the establishment of the Unified Certification Program within the Territory. The **Virgin Islands Port Authority** and the **Virgin Islands Water and Power Authority** are the other component of this agreement. The purpose of this UCP agreement is to identify reciprocal certification requirements of United States Department of Transportation (DOT) Regulation 49 CFR, Part 23 & 26. This UCP process agreement is intended to reduce the procedural burdens on applicants; fulfill the requirements of paperwork reduction; and reduces confusion caused by multiple and potentially conflicting outcomes in certification decisions. Such criteria shall include but not be limited to on-site visit, personal interviews, licenses, analysis of stock ownership listing of equipment, analysis of stocks capacity, listing of work completed, resume of principal owners, financial capacity, and type of work preferred (where applicable). The national standard application will be used in accordance with the final rule.
