

**SUPPLY OF LOW SULFUR & ULTRA LOW SULFUR DIESEL  
FOR  
ST. THOMAS AND ST. CROIX, U.S. VIRGIN ISLANDS  
GENERATING FACILITIES**

**Clarification II for RFP-05-25**

**November 26, 2024**

**Peerless**

1. Please provide clarity on the minimum amount for delivery prior to penalty is by each terminal or in totality to the Authority.

Question: VIWAPA stated an average of 330,000 per year in your proposal you have based an initial penalty looking at a total delivery of 360,000Bbls per year. Was this an error/oversight? Also confirm the differential cost base on the Authority average as stated above.

2. The date for the proposal(s) has or is about to expire, please review submittals and resubmit with a new expiration date(s).
