**Road Closure as Cruz Bay Underground Project in St. John Resumes**

U.S. VIRGIN ISLANDS – The Virgin Islands Water and Power Authority would like to inform the public of an upcoming road closure in Cruz Bay, St. John as part of the Cruz Bay Underground Project. The road closure will affect a section of Bay Street between Gallows Point Resort and Grande Bay Resort and will be closed to vehicular traffic Monday through Friday from 7 AM to 5 PM. This schedule will be in place beginning this Monday September 12, 2022 through Friday October 21, 2022. The road closure will allow for the completion of excavation work needed to continue the Cruz Bay Underground Project. The Virgin Islands Water and Power Authority apologizes for any inconvenience this detour causes and thanks the community for its patience. Please see traffic control plan below for an exact outline of impacted areas.

###

**About WAPA:** The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
