### **Power Interruption Scheduled Saturday for Queen Mary Highway Undergrounding Project**

St. Croix, U.S. Virgin Islands (Nov. 6, 2025) – The Virgin Islands Water and Power Authority (“WAPA” or “the Authority”) advises customers that on Saturday, November 8, 2025, there will be a scheduled electrical service interruption between 7:00 a.m. and 2:00 p.m. affecting Feeders 6B, 8B, 9B, and 10B.

The impacted feeders will be de-energized in increments not exceeding three hours until work is completed. This planned interruption is necessary to allow WAPA’s contractor, J. Benton Construction, to safely enter an underground manhole and install conduits as part of the ongoing Queen Mary Highway Underground Electrical Project along Centerline Road.

Customers in the following areas will be temporarily impacted for no more than three (3) hours:

- **Feeder 6B:** Concordia, Glynn, La Grande Princess, Mary’s Fancy, Mon Bijou, Morning Star, St. John, and Vista Mar.

**About WAPA:** The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
