Scheduled Power Outage on St. Croix for Feeder 5A and 4A Customers

ST. CROIX, U.S. Virgin Islands (September 9, 2026) – The Virgin Islands Water and Power Authority ("WAPA" or "the Authority") advises customers on St. Croix of a scheduled power outage on Thursday, September 10, from 12:00 a.m. to 4:00 a.m., affecting customers served by Feeder 5A and a portion of Feeder 4A.

The outage is necessary to conduct maintenance work in the Sion Hill area.

Approximately 3,899 customers are expected to be affected:

- **Feeder 5A:** Approximately 2,843 customers in Mary's Fancy, Sugar Mill Villas, Strawberry, Ginger Thomas, and Queen Ridge Condos.
- **Portion of Feeder 4A:** Approximately 1,056 customers in Sion Farm, La Grande Princess, Tan Tan Terrace, Rattan, Constitution Hill, and Sion Hill.

WAPA appreciates the understanding and support of its customers as this necessary work is completed.

###

About WAPA: The Virgin Islands Water and Power Authority is an autonomous agency of the Virgin Islands Government which produces and distributes electricity and drinking water to residential and commercial customers in the territory. WAPA was created by the Fifth Legislature of the Virgin Islands in 1964 through Act No. 1248. Today, WAPA generates electrical power at production plants on St. Thomas and St. Croix and distributes electrical service through smart grids to customers on St. Thomas, St. Croix, St. John, Hassel Island, and Water Island. Potable water is distributed to almost 13,000 customers through water lines and standpipes. WAPA also has the responsibility of installing and maintaining streetlights.
