QUEEN STREET: ELECTRICAL UNDERGROUND PROJECT

QUEEN STREET: FEEDER 1A UNDERGROUND ELECTRICAL PROJECT

MAY 2026

About Project

The Queen Street Project in Downtown Christiansted led by Haugland Virgin Islands, will transition the overhead electrical system to an underground distribution system, improving reliability and strengthening overall system resilience.

Project Info

Project Duration ◀

The project is scheduled to begin mid-May and be completed in early January 2027.

Lane Closure ◀

Road closures and detours will be communicated at the start of the project and implemented as necessary, with traffic control measures in place.
